

HERE AND THERE.

Many people are said to be leaving Marion, Ind., because of a prophecy by Mrs. Viola Pownell that the city is soon to be destroyed.

Referee Frank Plumley has rendered a decision allowing claims of France against Venezuela to the amount of 5,000,000 francs.

Out of the 321,358 votes cast in the Norwegian referendum only 161 were in opposition to the dissolution of the union with Sweden.

Chairman T. P. Shonts, of the Panama Canal Commission, states in an interview that the severest task before the commission is that of housing and supplying the 20,000 men who will be necessary in building the canal.

Harrison Lindsley, Deputy Police Commissioner of New York, and Miss Evelyn P. Willing, of Chicago, were instantly killed in a collision between an automobile in which they were riding, and a locomotive near Rutland, Vt. Miss Willing was a daughter of a former partner of Marshal Field.

Gov. Beckham has issued a requisition on the Governor of Utah for the return to Kentucky of Percy J. Luster, charged with the murder of his wife at Guthrie, and now in jail at Ogden.

Spoiled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Oberdorfer's drugstore.

A Greater Than Rockefeller.

A New York boy by the name of Morris Schateffer has refused an offer of \$18,000 a year, preferring to continue his schooling. Young Schateffer is only fifteen, but he has won such distinction as an inventor that the General Electric company offered him an extraordinary salary. A newspaper dispatch under date of New York, July 26, tells the story in this way:

"Eighteen thousand a year for a boy fifteen! It came to Morris Schateffer, of 872 Gates Avenue, who solved a problem for signaling for electric roads. His system is in use on a part of the Brooklyn rapid transit lines. According to report, he has been offered \$25,000 for his invention, but he thinks it is worth twice as much. He declined an offer to go with the General Electric company at \$18,000 a year because he wanted to finish his course in the public schools."

In preferring an education to so promising a position, young Schateffer shows that he views life from a higher standpoint than those who sacrifice everything to the accumulation of wealth. A well trained mind can furnish the body all it needs, namely, food, clothing and shelter, but a purse, however well filled, can neither supply brain or conscience.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, and my heart was weakened and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Oberdorfer, the druggist, at 50c a bottle. aug
